*Hi, I'm Dianna Hanna, and I'm the new 5-12 band director for Corsica-Stickney schools. I come from Iowa where I've been teaching band for several years. I have a son Nathan in Sioux City, and I'm looking forward to meeting all of you, and hope to see you at the Homecoming parade on Sept. 20!*

## Meet some of the new faces....

*Hello, my name is Terra Spaans, many of you will know me as Terra Savage, since I just got married two weeks ago. My husband, Marshall and I live in Stickney where he works at Agtegra. This is my 4<sup>th</sup> year in elementary special ed. as a para. I enjoy working with special needs kids and I am looking forward to having a great year here at Corsica-Stickney Elementary.*

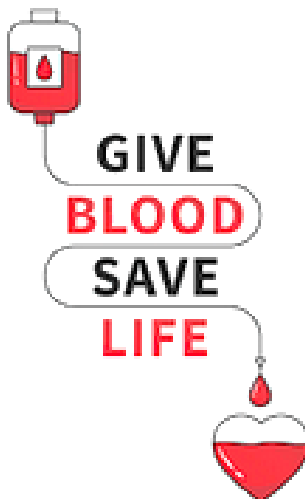

*My name is Kim Zomer and I have the privilege of teaching 7-12 vocal music at Corsica-Stickney this year. I have a pretty diverse employment history in Corsica that goes all the way back to when I moved here as a single English teacher fresh out of college in 1988. I soon met and married Cal Zomer. In our first decade of marriage, we lived just southeast of Corsica and I spent 6 years assisting Corsica/Stickney band teacher extraordinaire Mike Nepodal. (Yes, that means I taught many of the parents of my current CS students!) After a move to Michigan for about 10 years, we returned and I eventually became the 5-12 vocal music teacher at Dakota Christian School. This year I'm adding 7-12 vocal music at CS to my unique mix of jobs. (I also work at Corner Market.) You can typically find me on the Corsica campus all day Tuesday and Thursday afternoons.*

National Honor Society helped with the blood drive in Corsica on August 22nd. The students checked in donors and helped with snacks. The blood drive was able to collect 25 units of blood for the blood bank.

# Title I Tidbits

Welcome

Back

It is always so exciting to be back in school with the students. They come back with such excitement for the school year and we hope to build upon and sustain that excitement throughout the year!

We are a Title I school here at Corsica-Stickney Elementary. That means that we can work with **any** and **all** students in grades K-6 who may need a little extra help in Reading and Math. Students may be with us for a short time or may get extra help all year. We are here to help the students be successful in the areas of reading and math.

Mrs. Guenthner works with students in grades K-2 and Miss Gillette works with students in grades 3-6. We may go into classrooms and work with students or pull out small groups to work with one on one.

We as teachers have set goals for this school year and the focus is on increased reading and writing proficiency at all grade levels. Teachers will be encouraging and implementing more reading and writing opportunities into their lessons. We will focus on improving questioning techniques that promote deeper comprehension. We will set our expectations high and help our students gain proficiency to meet those expectations.

We encourage you to help us by encouraging your children to take time each day to read either as a family, with a partner or by themselves. Have discussions with your children about what they are reading and ask them to tell you what the story is about. If we work together both at home and school students will easily succeed at meeting our goals.

Here are some examples for questions you can ask your student before, during and after they read.

## Before Reading:

- ~ After looking at the title and headings, I think this book will be about...
- ~ I'm wondering if...
- ~The picture makes me think that...
- ~I already know some things about...
- ~What do you think this book is about?
- ~What are you wondering?
- ~Do you know anything about...

## After Reading:

- ~ I never knew...
- ~ I found... very interesting because...
- ~ This reminds me of...
- ~ My favorite part was... because...
- ~ My favorite character was... because...

## During Reading:

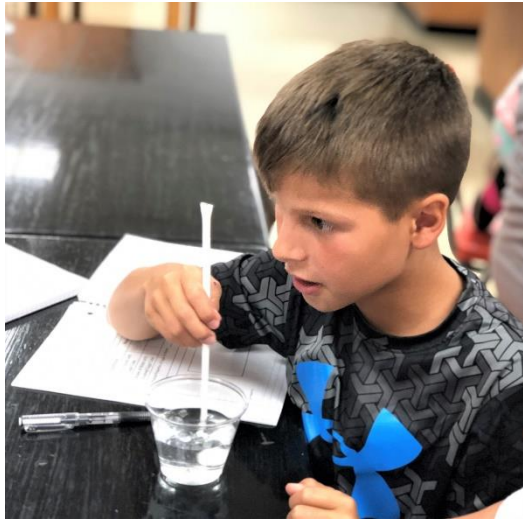

- ~ This reminds me of...
- ~ I'm wondering about...
- ~ I'm picturing...
- ~ This makes me feel...
- ~ I predict that...
- ~ I noticed...
- ~ What are you thinking now?
- ~ What are you picturing?
- ~ Does this remind you of anything?
- ~ Why did you think that?
- ~ Have you ever...
- ~ What do you think will happen next?
- ~ What was your favorite part? Why?
- ~ Who was your favorite character? Why?
- ~ What did you like? Not like?
- ~ What did you learn?
- ~What was the most interesting? Why?

We are looking forward to a great year here at Corsica-Stickney Elementary. Thanks for all you do to foster your child's education!

# SCIENCE LAB

Mrs. Olson's fifth graders enjoyed a day in the lab finding scientific evidence about the conservation of matter. Students used scales to measure solids as they change states of matter. Students then graphed their results.

Mrs. Hosman's 2nd graders read the book "Stuart Goes to School", in the story, Stuart has a magic cape that does one thing every day and it's always a surprise. The 2nd graders were given a blank cape to decorate and then had to write what their cape would do if it was magic!
