

FCCLA

Welcome the new FCCLA chapter officers for 2022-2023!

President: Avery Broughton

Vice President: Mara Lagge

Secretary: Danae Dykstra

Treasurer: Bailey Dykstra

Historian: Ethan Clites

Activities Director: Suttan Eide

The officers met before school to set the theme this year for the FCCLA chapter to "Join the "Batch" with FCCLA". Using this baking/cookie theme, the officers have planned activities for the upcoming school year as well as the kickoff meeting the end of August. They have also decided to sell Little Caesar's pizzas again as their yearly fundraiser. They will sell the pizzas the end of September with a delivery date in October.

Be on the lookout for the FCCLA chapter officers and members!

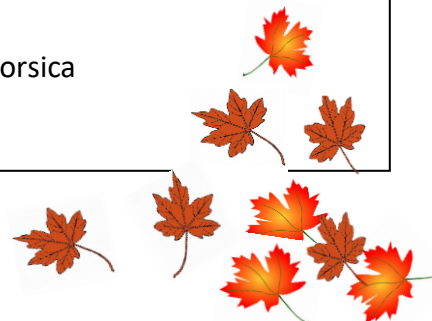

Pictured above is the current 6th Grade class...they will be the last ones to attend 6th Grade in Stickney, as next year 6th Grade classes will be in Corsica in the new addition. Mrs. Katie Strand is the teacher, this is her first year here. Good luck Class of 2029!

STUDENTS TO ATTEND PLANNING DAYS

On Sept. 20, the junior and seniors will be attending Post-High planning days in Mitchell. They will spend an hour or so visiting the many colleges, vo-techs or military options. They will be able to ask questions or just collect information from the booths. Later that morning they will attend a career fair where they will be able to experience opportunities for future careers. This is a very worth-while experience for the students as they will either see I like this career, or I do not like it. It is always a win-win situation.

Title I Tidbits

Welcome Back

It is always so exciting to be back in school with the students. They come back with such excitement for the school year and we hope to build upon and sustain that excitement throughout the year!

We are a Title I school here at Corsica-Stickney Elementary. That means that we can work with **any** and **all** students in grades K-6 who may need a little extra help in Reading and Math. Students may be with us for a short time or may get extra help all year. We are here to help the students be successful in the areas of reading and math.

Mrs. Koch works with students in grades K-3 and Miss Gillette works with students in grades 3-6 and with the EL students. Mrs. Strand works with students in 3rd and 5th grades. We may go into classrooms and work with students or pull out small groups to work with one on one.

We as teachers have set goals for this school year and the focus is on increased reading and writing proficiency at all grade levels. We have set a goal of 87% of our students be proficient in each of the four categories of ELA on the Smarter Balanced Assessment. We will also be focusing on Learning Outcomes. Teachers will communicate the focus or learning outcome for the lessons they teach with their students at the beginning of each lesson and review the outcome at the end to reinforce the lessons learning outcome each day. Students will then know the reason behind the lesson or activity they are completing. These learning outcomes are tied directly to the South Dakota State Standards. Hopefully through explicit teaching and identification of the learning outcomes an increase in student proficiency will be achieved in all areas. Teachers will also be including these learning outcomes in their lesson plans. We have set our expectations high to help our students gain proficiency to meet those expectations. We have also set a goal of 87% of our students be proficient in each of the three categories in Math on the Smarter Balanced Test. We have built into our classrooms daily Math Talk or Math Meetings to work on counting, skip counting, number sense and basic addition, subtraction, and multiplication review. We will be focusing on Measurement and Data and Math Reasoning as specific areas that need improvement at all grade levels.

We encourage you to help us by encouraging your children to take **20-30 minutes** each day to read either as a family, with a partner, or by themselves. Have discussions with your children about what they are reading and ask them to tell you what the story is about. If we work together both at home and school students will easily succeed at meeting our goals. **Counting with your child by 2's, 3's, 4's, 5's, 10's etc. is encouraged. Also having them practice addition, subtraction, or multiplication flashcards at home can also help.**

Measurement facts can also be discussed at home. How many minutes in an hour? Hours in a day? Days in each month, months in a year? Inches in a foot? Feet in a yard? Yards in a mile? Ounces in a cup? Cups in a quart? quarts in a gallon? Etc.

Here are some examples for questions you can ask your student before, during and after they read.

Before Reading:

- ~ After looking at the title and headings, I think this book will be about...
- ~ I'm wondering if...
- ~The picture makes me think that...
- ~I already know some things about...
- ~What do you think this book is about?
- ~What are you wondering?
- ~Do you know anything about...

During Reading:

- ~ This reminds me of...
- ~ I'm wondering about...
- ~ I'm picturing...
- ~ This makes me feel...
- ~ I predict that...
- ~ I noticed...
- ~ What are you thinking now?
- ~ What are you picturing?
- ~ Does this remind you of anything?
- ~ Why did you think that?
- ~ Have you ever...
- ~ What do you think will happen next?
- ~ What was your favorite part? Why?
- ~ Who was your favorite character? Why?
- ~ What did you like? Not like?
- ~ What did you learn?
- ~What was the most interesting? Why?

After Reading:

- ~ I never knew...
- ~ I found... very interesting because...
- ~ This reminds me of...
- ~ My favorite part was... because...
- ~ My favorite character was... because...

We are looking forward to a great year here at Corsica-Stickney Elementary. Thanks for all you do to foster your child's education!
